The young reality star is finally legal – cue the booze, boys and birthday booty!

Slated to be the biggest event on the Kardashian calendar since Kim and Kanye West's wedding, Kylie Jenner's blow-out 18th birthday certainly didn't disappoint!

But of course, the star-studded soirée – held at West Hollywood hot spot Bootsy Bellows – wouldn't have been a bona-fide Kardashian affair without a dollop of drama.

Yep, while the epic haul of birthday booty – including a \$436,000 Ferrari, \$21,000 Hermès Birkin bag and

24-carat gold and diamond iPhone 6 – had us green with envy, things almost got bloody when newly single Zayn Malik put the moves on Kylie right under her beau Tyga's nose.

"Zayn tried to plant a birthday kiss on Kylie's cheek, but one of Tyga's crew saw and ran to tell him," says a party-goer. "He got in Zayn's face about it. The two almost came to blows."

And it wasn't just the boys behaving badly – Kylie's klan caused plenty of chaos of their own! →

PLAYING FOR KEEPS

Zayn just won't stop in his quest for Kylie! Much to Tyga's disdain, the 22-year-old "favourite" one of her racy snaps on Twitter. Luckily, he "unfavourite" it shortly after exiting the party. Krisis averted!

Kylie's bejewelled \$13,600 Nicolas Jebran couture dress stopped traffic outside her pre-party dinner at The Nice Guy on August 9

BIRTHDAY SQUAD

Along with mum Kris, sisters Kendall, Kourtney, Kim and Khloe, and friends Bella Hadid, Gigi Hadid and Noah Cyrus were on hand as Tyga surprised Kylie outside the club... with a new Ferrari!

When exes collide!

FAKE HUGS...

It was Kylie's moment, but all eyes were on her parents Kris and Caitlyn.

The exes made their first public appearance together since Cait's transition when the family got together at Malibu restaurant Nobu two nights before the party.

And while Kris, 59, and Caitlyn, 65, pretended to play nice, Kylie picked up on the insincerity.

...AND AWKY HANDS!

"It was upsetting for Kylie, who ended up fighting with her mom in the kitchen," spills our insider.

Kourt's skinny & smashed!

Newly single Kourtney, 36, turned up looking svelte and gorgeous, but her teeny-tiny frame meant the yummy mummy was fall-down drunk after only a couple of wines!

"Kourtney has lost a ton of weight since she split from her babydaddy Scott [Disick] and she can't take her booze anymore," an insider tells *NW*. "She drank too much, was totally out of her head, plastered and making it obvious to everyone around her. It was a messy sight."

Sounds like someone's drowning their sorrows...

Kourt gone wild

Downsizing her frame and upsizing her drinks didn't do Kourt any favours as she partied with Kenny (left).

TURN OVER FOR MORE

Flaunting her killer bod, Kylie was 'determined to show she's the hot one now', says a friend

Not only did she have to play mediator for momager Kris and transgender dad Caitlyn, she was also forced to look out for drunk sister Kourt. Thankfully, though, the birthday girl managed to put those awky moments behind her to enjoy the second leg of her celebrations in Mexico.

After flying in on a private jet with Tyga and a gaggle of pals, Kylie flaunted what her mamma

— and friendly neighbourhood plastic surgeon! — gave her, rocking a string of skimpy cozzies that showcased her jaw-dropping bod to perfection.

And now Miss Jenner's officially of age, the jig is up, with Kylie and Tyga stepping out holding hands, finally confirming the world's worst-kept relationship secret!

But what better place to go

public than at *Girls Gone Wild* mogul Joe Francis's elite Casa Aramara estate in Punta Mita. As well as its own private beach, the luxe pad boasts 12 bedrooms, 13 bathrooms, chefs on call 24/7, a gym, movie cinema and two pools. Not too shabby!

Washing away the drama

After an eventful birthday party, Kylie and rapper beau Tyga looked more loved-up than ever as they whooped it up aboard a luxury yacht off the plush Mexican resort town of Punta Mita.

Joined by her supermodel sis Kendall, 19, along with friends Pia Mia, Hailey Baldwin, 18, and their host Joe, 42, the high-spirited teen was literally jumping for joy.

Let's hope they didn't drink and dive!

Body battle

Insecure Kim's body language said it all at Kylie's 18th bash on August 9.

Kim takes on the *HATERS!*

Mamma puts paid to her body woes by baring all!

Once upon a time, she was the shapeliest Kardashian of them all, but watching her sisters Khloe, Kourtney, Kendall and Kylie cutting such slim figures at Kylie's 18th birthday bash left Kim feeling a little deflated.

"She knew Kylie's birthday was going to be a big night and all of her sister's young hot skinny friends would be there in their sexy outfits," says an insider.

"Kim had no intention of being the frumpy old pregnant woman at the party and picked out a dress that she thought was really sexy."

As the night wore on, though, we're told 34-year-old Kimmy "ended up just feeling fat and miserable".

But when life hands her lemons, Kim – who's five months pregnant with her second bub to hubby Kanye West – makes lemonade. Indeed, she hit back the only way she knows how – by sharing a naked selfie with her 42 million Instagram followers!

"First they say I'm too skinny so I have to be faking it... Now they say I'm too big so I have to be faking it," she captioned the snap. "I've learned to love my body at every stage. #Nofilter #NoPhotoShop #GoodLighting." Amen, sister! ■

Jen reportedly fired the nanny after hearing she and Ben flew to Vegas without the kids

Christine's wrecked Ben and Jen's union – will she do the same to Tom and Gisele?

Christine Ouzounian looks like the cat that got the cream, and no wonder!

Pictures have emerged showing Ben Affleck and Jennifer Garner's former nanny living the high life aboard a private jet with Ben and his bestie, NFL star Tom Brady!

One snap obtained by the *New York Post* (below, far right) – taken during a flight to Las Vegas for a

poker tournament in June – even shows Christine seductively modelling Tom's four Super Bowl rings.

As a result, we hear the sportsman's enraged missus Gisele Bundchen is on the brink of ending their six-year marriage.

"Gisele is mortified and embarrassed," an insider exclusively tells NW.

"Gisele trusts Tom, but she can't believe he's been stupid enough to get them dragged into Ben and Jen's PR nightmare."

But while the New England Patriots quarterback is fighting to save his marriage, life couldn't be sweeter for Christine, who's

reportedly been sleeping with Ben since earlier this year after being hired to take care of his children – Violet, nine, Seraphina, six, and Samuel, three.

Yep, she's hit the jackpot with the actor, who just so happens to be worth a cool \$100 million!

As well as ritzy trips to Vegas, the publicity-loving nanny has been enjoying going on mammoth shopping sprees, visiting spas, treating friends to dinner every night and staying at LA's five-star Hotel Bel-Air – all with Ben footing the bill.

But no gold-digger worth her salt is ever unprepared for the inevitable fallout!

'GISELE CAN'T BELIEVE TOM'S BEEN SO STUPID'

Nannygate explodes!

Is Gisele's

MARRIAGE

MOTOR MOUTH

Christine openly boasted on Instagram about her new \$58,000 Lexus convertible last week, writing, "Keep calm and meet my new drop top Lexi." Hmm... The timing couldn't be more suspicious.

It seems Christine plans to milk the story of her fling with the 43-year old for all its worth!

We're told the former preschool teacher is gearing up to sell the salacious details to the highest bidder, complete with nude snaps she's secretly taken of the Oscar winner.

To say that would prove a major embarrassment for both Ben – who denies ever sleeping with her – and his long-suffering ex Jen, 43, is an understatement!

Adding insult to injury, reports from the US suggest that if Ben dumps her, Christine could even take Jen to court for wrongful dismissal!

Needless to say, Ben and his team are desperately trying to keep Christine happy. After putting her up in the Hotel Bel-Air, they've now hidden her away at a private LA residence.

In full damage-control mode, they've even given her carte blanche to continue spending as she pleases.

But keeping his new lady sweet is starting to leave a sour taste in Ben's mouth.

In fact, the dad-of-three looked exhausted and stressed when he was spotted chain-smoking cigarettes outside his rented accommodation in Atlanta, Georgia.

"The big problem is making sure Christine doesn't unravel," another source tells US magazine *In Touch*.

"She's under his control... for now." ■

Tom & Gisele ON THE ROCKS?

Tom's midair flirt fest with Christine could be the final straw for his wife-of-six-years, with US reports claiming their marriage has been in trouble for months!

Sources say the warring duo – who are parents to Benjamin, five, and Vivian, two – have been at each other's throats over everything from their flagging sex life to how best to bring up their children.

Making matters worse, Gisele's also struggling to deal with the fallout from her hubby's involvement in NFL's "Deflategate" scandal last year – in which he was accused of ball-tampering to boost his on-field performance.

"[They've been] fighting every other day for weeks," says a source, adding that they communicate mostly via angry text messages. Uh-oh...

Fishy fingers

Christine posed with Tom's Super Bowl rings en route to Sin City with the boys.

EXIT?

THE BIG COVER-UP

There's usually no stopping her flaunting her bikini bod, but Jen's been keeping her curves under wraps during her recent Bora Bora honeymoon. You're not fooling us, Jen!

Jen & J DOUB BA

The broody newlyweds are gearing up to bust out the baby booties – twice!

They've only been married, like, a second, but after their drawn-out three-year engagement,

Jennifer Aniston and Justin Theroux aren't wasting any time starting a family!

Hot on the heels of reports that Jen already has a bun in the oven, there's even more happy news for the lovebirds. The pair are on the brink of signing on the dotted line to adopt a six-month-old girl. Crack open the bubbles!

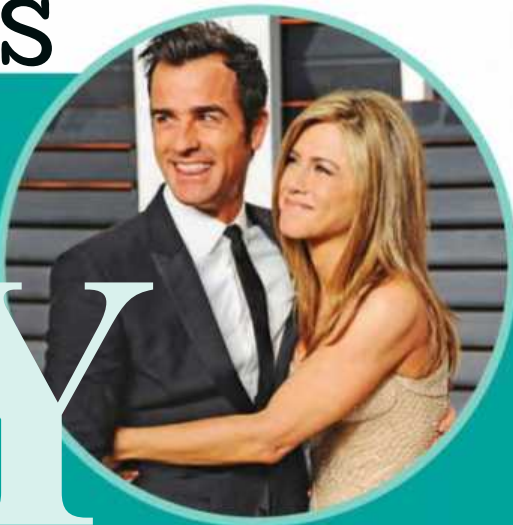

While Jen and Justin are keeping mum on the status of their biological bub for now, sources say the genetically blessed pair announced their exciting adoption news at their surprise backyard wedding in Bel Air earlier this month.

"Jen is very traditional and wanted to be married for their little girl," a source tells *InTouch*, who first broke the news last week.

"She and Justin were elated that the adoption finally went through. They couldn't be

Justin's BLE BY

JOY!

happier. Jen told one person that she hadn't met the baby yet, but that was a few weeks before the wedding. She said everything had been approved and they'll be bringing the baby home within six weeks."

Opening up about her dreams of motherhood earlier this year, Jen admitted, "It's been a want. We're doing our best. It can't come soon enough."

But now her dreams are coming true in spades – and all because the 46-year-old actress planned for the future.

Jen, who tragically suffered multiple miscarriages during her five-year marriage to

Brad Pitt, decided to keep some of the eggs she had frozen when they were together.

"Jen knew there was only a slim chance of conceiving without a little help because of her age, which is why she started using the eggs she had frozen in her 30s while she was with Brad," an insider exclusively tells *NW*.

"Jen did IVF without success while she and Brad were married, even though they gave her a 50 per cent chance of falling pregnant – but this time it looks to have worked!" ■

Clucky Justin meets Liv Tyler's son Sailor with fellow *The Leftovers* star Margaret Qualley

There's no doubt Gwen loves being a mum

Gwen ADOPTING A GIRL!

She may have just parted ways with her babydaddy and hubby-of-13-years Gavin Rossdale, but that's not going to stop clucky Gwen Stefani from having the daughter she's always dreamt of.

In fact, the 45-year-old singer, who has three sons – Kingston, nine, Zuma, six, and 18-month-old Apollo – with the Bush frontman, is more than happy to go it alone this time around.

"Gwen isn't scared. Motherhood has been a huge joy for her, even as her marriage crumbled," spills our exclusive source. "Gwen had suffered a few miscarriages throughout the years and she's

older now, so adoption seems the right choice.

"Besides, having a gorgeous girl to love will also give Gwen something positive to focus on and a bright, happy future to look forward to."

THEY DID IT TOO!

Of course, Gwen's not the first A-lister to adopt a child following a break-up! After her divorce from Jesse James in 2010, Sandra Bullock, 51, became a mum for the first time to Louis, who's now five, while 40-year-old Charlize Theron, who adopted Jackson, now three, in 2012, has reportedly taken in a little girl just week after ending her relationship with Sean Penn in June.

FAMOUS FAN Khloe Kardashian

She may be winning in the famous family's slimming stakes, but that hasn't stopped KoKo getting a little extra help to achieve her dream physique.

Earlier this year on *Keeping Up With The Kardashians*, the 31-year-old – who describes laser treatment as the “greatest” – was filmed getting her “whole butt, the stretch mark and the cellulite lasered”.

She's also rumoured to have had a thigh gap sculpted through Zerona Cold Laser. At around \$4000 for six sessions, the painless treatment claims to blast fat cells that are then naturally eliminated by the body. So much for squats!

They have hip reductions?

British magazine *Style* has spoken to people in the industry who claim an increasing number of models are shelling out big bucks to have their pelvic bones shaved down in pursuit of that waif-like, prepubescent look.

And while we can't find any proof the procedure exists, there are plenty of women asking about it online!

“I am a 5’10 model with 37 inch hips but I weigh 59 kg’s so I can’t really loose much more weight on my hips. Is there a surgery to slim the actual bones, not the muscle around them?” one prospective patient enquired.

According to DietsInReview.com, “[The tapeworm] secretes proteins in our intestinal tract that make our digestion of food much less efficient. In the *Marie Claire* interview, Miley also reveals how she considers Caitlyn, 65, a good friend and that the two have bonded over Cait's transition.

"We've talked a lot about how you can never make every single person happy," says Miley.

"We always laugh about people saying she transitioned to be famous, but Caitlyn has to tell her story. Because if she doesn't, everyone else is going to tell it for her."

Meanwhile, few people in Hollywood are better equipped to empathise with what Miley's going through than Caitlyn!

"Miley's been talking to Caitlyn about what it's like to be a different gender trapped in the wrong body, and they're working through all of her scenarios," explains our insider.

"She's had these questions for years. Miley's determined to get to the bottom of it and figure out exactly what's going on, once and for all." ■

Cait, who debuted her new bikini bod on her reality show this month, is elated that Ange wants to make her biopic

Ange brings Cait to the BIG SCREEN

Look out, Hollywood! Angelina Jolie has offered to take Caitlyn's story to the next level by producing a big-screen biopic about the star!

We can exclusively reveal that Angie, 40, reached out to Cait through their mutual stylist Jen

Rade and have been in constant contact ever since.

"They talk about everything," says our source.

"Angie also gave Cait pointers on how speak, walk and handle herself with the press and in public."

And that's not all! We're told Ange has even asked Caitlyn to talk to her nine-year-old daughter Shiloh – who's previously made it clear she wishes to go by the name of John and appears to identify more as a boy than a girl.

"Angie and Brad couldn't be more open-minded, but it was a relief to talk to someone who knows about identity struggle," adds the source.

"Angie thinks it'd be a great idea if all her kids met Cait. She wants them to understand all walks of life."

Lamar confronted
Khloe at 6.45am!

KHLOE'S NIGHT STALKED BY

Troubled
Lamar's bizarre
behaviour has
his ex frightened
out of her mind

Hearing that your ex has finally moved on with someone else can be a bitter pill to swallow.

But when Lamar Odom saw snaps of his ex-wife Khloe Kardashian snuggling up to her new beau James Harden at her sister Kylie Jenner's 18th birthday celebration at West Hollywood's Bootsy Bellows club, something snapped.

Cut to the core by the recent finalisation of their drawn-out divorce, the highly charged former NBA star flew from his home in Las Vegas to confront his unsuspecting ex outside her LA SoulCycle class.

So enraged was the one-time athlete that the encounter has understandably left 31-year-old Khloe living in fear.

"Get off of me, get off of me. Stop. Stop... How did you know I was here?" she reportedly screamed at Lamar when he

grabbed her arm, according to US news outlet TMZ. Desperate to escape, she ran to her car, as concerned onlookers reportedly asked Khloe if she wanted the police to be called.

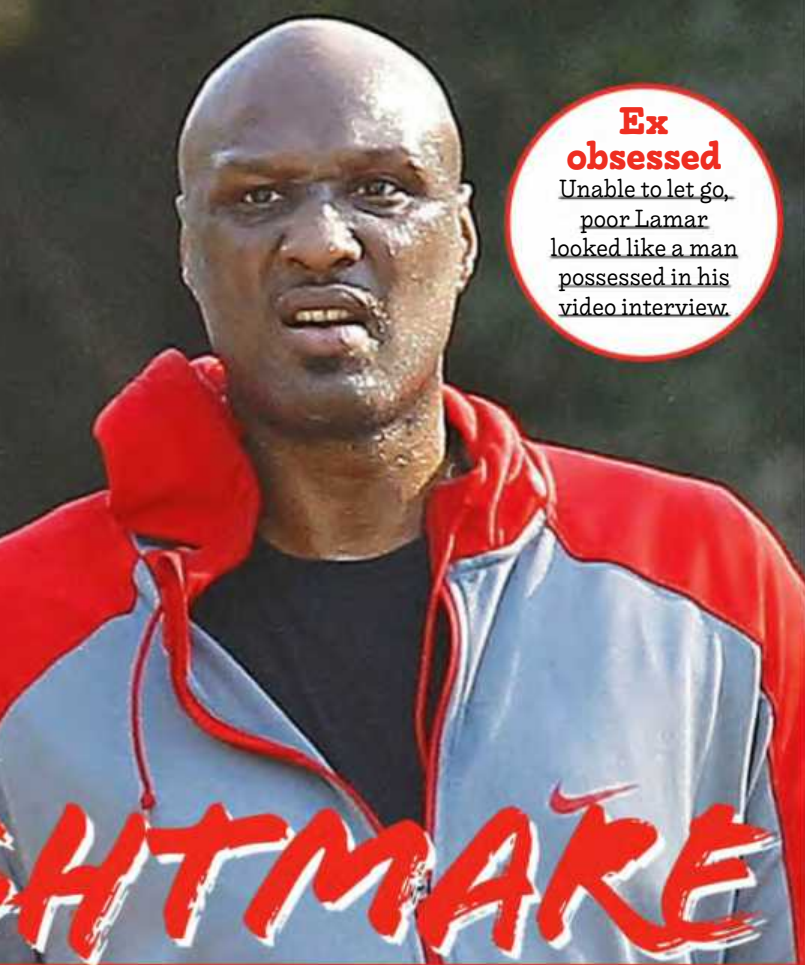

"You're not going to call the cops on Lamar Odom," the jilted sportsman allegedly spat.

Venting to TMZ after the altercation, a furious Lamar, 35, denied any wrongdoing, claiming he and Khloe were still on speaking terms and that she'd invited him to meet her.

"Me and that girl fell in love," he ranted to the cameraman. "It's our business!"

Contrary to Lamar's claims, sources say the altercation came after weeks of increasingly bizarre behaviour.

"He's been obsessively calling Khloe and texting 100 times a day," says our source. "He leaves long voicemails, crying and telling her he won't live without her. He's even gone so

far as to say that if he dies, it'll be on her conscience forever."

Already forced to change her phone number, the reality star is now considering filing for a restraining order, which is probably for the best given reports that Lamar's having trouble staying clean.

It's believed he may have relapsed after photos emerged of drug paraphernalia allegedly left in an LA hotel room Lamar stayed at recently with a mate.

"[Lamar] left behind traces of black heroin, straws and burnt tinfoil – evidence they'd been inhaling the drug," claims *Life & Style* magazine.

Sadly, the disturbing news doesn't come as a surprise to those in KoKo's inner circle.

"They want him to stay far away from her," adds our source. "She's gone from thinking Lamar was the love of her life to being afraid for her life. It's very sad." ■

2 WILL ED'S TATTOO NEED SHEARIN'?

Probably not, because when Ed Sheeran's chest hair grows back, it will only complement the mane on his new lion inking!

Yep, the singer had celeb tattoo artist Kevin Paul etch the big cat to mark his sell-out gigs at London's Wembley Stadium, which were attended 290,000 fans!

WHY DID ARIEL GET A BOOB JOB AT AGE 17?

Modern Family actress Ariel Winter has undergone a breast reduction at just 17 years of age, citing severe neck and back pain. After making the difficult decision and having the procedure back in June – taking her boobs from a massive 10F to a perky 12D – the talented teen says she's feeling "relieved and excited". "It's amazing to finally feel right," explains Ariel, adding that her larger bust made it hard to find outfits that were age-appropriate. "I'd have to wear the dress that was super tight and form-fitted everywhere, because if I didn't, it didn't look good."

3 HAS MIRANDA FOUND THE ONE?

Well, if their touchy-feely PDA at the Air France First Class check-in counter at LAX is anything to go by, Miranda Kerr and her beau Evan Spiegel are playing for keeps.

The newly minted couple couldn't keep their hands off each other!

And it's no wonder Miranda, 32, was all smiles – her cute 25-year-old fella is the billionaire co-founder and CEO of social media company Snapchat!

Nevertheless, earlier this year, Maz insisted that she wasn't interested in dating anyone exclusively.

"I'll go on a date here and there, if it works," she confided. "I'm not looking for a relationship. I'm just not."

But now that she's met Evan, we're pretty sure she's changed her mind!

Her new squeeze!

Miranda had a billion reasons to smile at LAX last week

4 IS ARIANA A STAGE-FIVE CLINGER?

It looks like Big Sean may have had reason for reportedly getting jealous about his ex Ariana Grande growing closer to Justin Bieber – we're told the 22-year-old is trying to land a date with him!

But sadly Justin, 21, is just not that into her, particularly since she's said to already be dating her back-up dancer Ricky Alvarez.

"Ari's desperate to date Justin – she's been on a mission to up her profile since the Big Sean split," says an insider. "But Justin's low-key these days and avoids drama queens like Ariana."

5 ARE MARY-KATE AND ASHLEY HORRIBLE BOSSES?

Mary-Kate and Ashley Olsen's company Dualstar has been hit with lawsuits filed by 40 past and present interns for "wage theft". With a rep for the 29-year-old twins branding the claims "groundless", lead plaintiff Shahista Lalani alleges she was hospitalised in 2012 for dehydration after clocking up 50-hour weeks at the twins' fashion house The Row, while some of her peers were left "crying doing coffee runs".

But she says it wasn't the sisters' fault.

"[Mary-Kate and Ashley] are really nice people," she explains. "[But the head technical designer] was very demanding."

ARE HEIDI, SEAL AND ERICA ONE BIG HAPPY FAMILY?

What could be more modern than catching up with your ex and four kids with your current squeeze in tow? That's the situation Seal, 52, found himself in when he invited new girlfriend Erica Packer, 38, to dinner at Nobu in New York with ex-wife Heidi Klum, 42, and their four kids, Leni, 11, Henry, nine, Johan, eight, and five-year-old Lou.

Unfortunately, Erica was snapped watching on awkwardly as Seal kissed his former partner goodbye. Eek! This comes amid reports that Erica – who has Indigo, seven, Jackson, five, and two-year-old Emmanuelle with ex-hubby James – is already pregnant with Seal's child, following a whirlwind few months of dating.

This is one big, mostly happy family!

Lily's stoking rumours of marriage woes

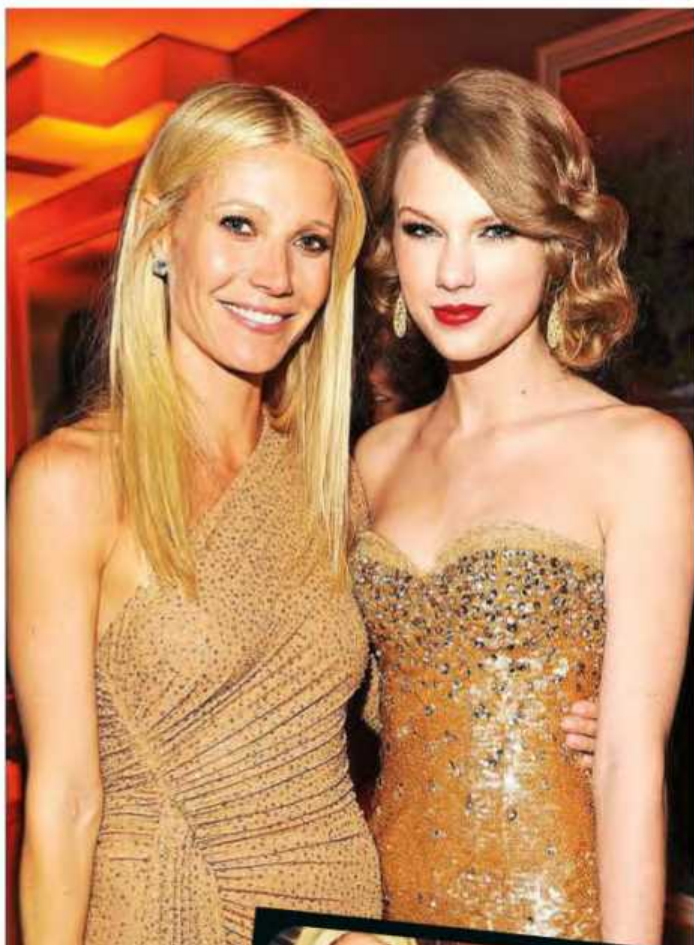

7 IS LILY TRYING TO TELL US SOMETHING?

Their four-year marriage has been the subject of split rumours, and Lily Allen seems to have confirmed she and Sam Cooper are on the rocks. The singer shared a snap of her hand resting on a note which read, "I will never be beautiful enough to make us beautiful together," and captioned it, "Hashtagsadface."

Lily, 30, and Sam haven't been seen together since June, and while her moniker on social media at one point was Lily Rose Cooper, she's changed it back to her maiden name.

I will never be beautiful enough to make us beautiful together

8 DOES TAYLOR HAVE A GIRL CRUSH ON GWYNETH?

She's previously insisted there are no women that she can look to as role models, but it seems Taylor Swift has found one – Gwyneth Paltrow.

As well as hiring Gwyn's trainer Tracy Anderson in a bid to get a Gwyneth body and telling friends the actress is like a big sister, Taylor, 25, is so nervous about impressing the 42-year-old actress she's taken precautions, confessing, "I have a strict rule that I don't have my phone on me when I drink!"

Perrie and her Little Mix girls are going hard in Las Vegas

9 IS PERRIE PARTYING AWAY THE PAIN?

Having been dumped by fiancé Zayn Malik, Perrie Edwards could be forgiven for hating life amid rumours he's flirting with Selena Gomez after following her on Twitter! But Perrie, 22, is giving zero effs. Well, on the outside anyway! As she partied in Las Vegas she shared a pic captioned, "All glammed and ready to boogie!" But letting her mask slip, she's unfollowed Zayn, 22, on social media, deleted all pics of them together and praised 1D's *Drag Me Down* – thought to be a song dissing Zayn.

10 IS THIS THE LUCKIEST FAN ALIVE?

Fan Nikki Fynn found herself in the right place at the right time when she ran into Charlie Hunnam and Robert Pattinson in Belfast! In town to film their flick *The Lost City Of Z*, Robert, 29, and Charlie, 35, posed for a quick snap with her.

"In BELFAST hanging with SAMCRO Charlie Hunnam and TWILIGHT Robert Pattinson!!!" she captioned the photo. "Yes I had a heart attack." We don't blame you!

Lewis can't take his eyes off the sexy singer

RiRi & Lewis'

HO SHA

But the smitten F1 champ is heading for heartache at the hands of his new girl!

HARD TO GET

Lewis tried his best to get RiRi's attention at the Kadooment Day bash – part of Barbados's annual Crop Over harvest festival. But raunchy RiRi was clearly sticking to the old “treat ‘em mean, keep ‘em keen” adage, barely acknowledging lover boy as she waved from their float.

And it worked! Lewis shared a photo of his trip captioned, “Gonna miss this place!!!” Sounds keen to us!

RiRi kept Lewis in the background in Barbados on August 3

Lewis Hamilton's latest A-list conquest Rihanna is raising his temperature something fierce – but she's playing too cold to hold!

While the Formula 1 driver enjoyed some boat-rocking fun with RiRi in her native Barbados recently – no doubt setting the bedroom on fire! – just days earlier he struggled to get a sideways glance from her at the local Crop Over festival.

Could it be that the lothario's getting a taste of his own medicine?

After all, since splitting from his on-off girlfriend of eight years, 37-year-old Nicole Scherzinger, back in February, lady-lovin' Lewis has wasted no time sowing his wild oats with celeb beauties like Kendall Jenner and Gigi Hadid.

“Rihanna wears the pants in this relationship, she's totally playing with Lewis and he's eating it up,” reveals an exclusive insider. “He's so starry eyed for her!”

Indeed, the smitten Brit has spent the past four years laying the foundations for a date with RiRi, so to say their hook-up has been a long time coming would be an understatement.

After first falling for RiRi in 2011, Lewis, 30, upset his

then-girlfriend Nicole in 2013 by partying until the early hours of the morning with the 27-year-old maneater at a Monaco casino.

Fast-forward to last year and Lewis was spotted flirting up a storm with RiRi at the British Fashion Awards, before getting tongues wagging three months ago when he shared a table with her at the Met Gala in New York.

That's where it seems he finally won her over, but if it's lasting love he's after, Lewis is going to be left hanging! Footloose and fancy-free Rihanna likes her romances like her favourite rum cocktails – short and sweet!

“Lewis is used to being the one in charge and usually has girls falling at his feet, but not Rihanna,” adds our source.

“She genuinely does not seem to care one bit if she ever hears from him again.” ■

Ed and Nicole sitting in a tree, K-I-S-S-I-N-G?

It seems Ed's scored himself a pizza the action with Nicole!

Lewis's ex Nicole Scherzinger is said to be having sexy times with Ed Sheeran – after he wooed her with pizza!

Yep, we hear the ginger gent introduced her to his parents at a London gig, then skipped the afterparty in favour of pizza for two!

“They’ve not stopped swapping flirty text messages since,” spills an insider.

Nic also dedicated her song *Don't Cha* to the 24-year-old during a concert in Hollywood last month.

“They’re extremely close,” says a pal of the former Pussycat Doll.

Joe, 38, want to get hitched at the lavish Breakers Palm Beach resort in Florida – where Sofia's Colombian family lives.

Hiring and decorating the gorgeous venue will set the pair back \$350,000, but with a combined net worth of \$120 million, that's just a drop in the ocean!

And since she's one of the world's most beautiful women, it's only fitting that Sofia wear one of the world's most beautiful gowns – and she's bringing out the big guns!

"Sofia's going to wear Vera Wang on her big day," spills our insider. "She's a huge fan and supporter of the designer and has always thought her bridal designs are the best there is. She wants to really set a new benchmark in wedding dresses."

And the feast? To feed their 400 guests, Sofia and Joe will be giving a nod to their respective heritages with a huge spread of Italian and Colombian food, topped off with a \$50,000 eight-tiered cake.

Needless to say, unlimited top-quality French champagne will flow all night!

"Sofia loves champagne – the more expensive, the better," adds our insider. "She's having Perrier-Jouët for the toasts as well as French wines, Aussie reds and New Zealand whites. Only the best will do."

Natch! ■

Sofia's luxe list!

THE DRESS \$40,000

As well as the custom-made wedding dress, Vera Wang will design \$70,000 worth of outfits for the wedding breakfast, reception and honeymoon departure. And hair and make-up won't come cheap either, with Sofia dropping another \$200,000 on expert beauticians for the bridal party.

FOOD \$700k

Money's no object for these foodies, who've commissioned Michelin-starred chefs to prepare top-quality nosh borrowing from both South American and Italian cuisines.

THE ALCOHOL \$800,000

Posh Perrier-Jouët is the bubbly of choice for the toasts, plus there'll be a selection of fine wine, Grey Goose vodka and Patron tequila.

THE VENUE \$350,000

Hearty party

"I want my guests to have a lot of fun," says Sofia of her big day.

The five-star resort sits on 56 hectares of Palm Beach waterfront and offers both privacy and luxury.

THE FLOWERS \$1,500,000

Sofia's favourite flowers are orchids and there will be mountains of them at the venue, in her hair and on the eight-tier cake.

THE RINGS \$1,000,000

Engagement ring aside, the wedding bands will be 22K gold, studded with diamonds and engraved with special messages.

WEDDING FAVOURS \$150,000

"Sofia and Joe loved how Kim and Kanye gave iPads to all the guests with videos and pictures of the day," says our source. "They're set on doing something like that."

THE INVITATIONS \$15,000

Sofia's finally narrowed the invitation designs down to a vintage style or one that's jewel-encrusted.

Brow down

Instant face lift, anyone?

Put simply, good brows are life-changing. Whether you’re after a fuller boy style or the perfect arch, celebrity brow queen Amy Jean of Amy Jean Eye Couture in Sydney has the lowdown on how to get better brows by dinner...

DIY

- 1 “Blend some concealer around the brow line and allow a small amount to blend through the hairs themselves.”
- 2 “Use a brow-defining angle brush to lightly feather some brow powder throughout the brow.” (It’s handy for squaring up the start of the brow, too)
- 3 “Using a brow brush, blend upward and outward to create a fluffier hair-like result.”

TIP
Kendall has upped her brow game (and sculpted her face) by creating an arch in what were straight, shapeless brows.

YOUR Stars

The week ahead with **Adele Lang**

Leo JULY 24 – AUG 23

All Leos are big softies at heart – and this week, you may be kindness personified to more than just one troubled soul. But don't get reeled in by every sob story you hear. Trust your instincts when it comes to deciding who deserves your money or your time.

Virgo AUG 24 – SEPT 23

The Sun's influence might see you being far more self-indulgent than usual. Think high-kilojoule meals, luxurious spa treatments and shopping sprees. Virgos tend to refrain from spoiling themselves – but hey, you're allowed to be a little reckless once in a while.

Libra SEPT 24 – OCT 23

People you're so desperate to impress at work may be immune to your charms. However, you may find you'll be much better off if you play it cool. Planetary patterns indicate much better outcomes if you pretend you don't actually give a damn.

Scorpio OCT 24 – NOV 22

Less than stellar alignments suggest a partner or suitor isn't behaving that well right now. As much as you want to read them the riot act, try to refrain. Icy silence should work wonders. And if it doesn't? Well, as any Scorp knows, revenge is a dish best served cold.

Sagittarius NOV 23 – DEC 21

Your public image could be in need an overhaul. Although you may be as talented as all get-out, that alone isn't going to cut it with the people who can boost your career. Manners, makeovers and recommendations from friends will, however, help you no end.

Capricorn DEC 22 – JAN 20

As much as you enjoy being independent, there'll be times when you need to ask for help. This week, you shouldn't be shy about reaching out. If problems at work and/or home start to feel overwhelming, seek advice from someone you trust.

Aquarius JAN 21 – FEB 19

In the coming days, you'll feel like you might die of boredom if you have to endure the same old social situations. but rather than change your personal life overnight, do it slowly. For instance, keep seeing family and ends, but put aside one outing a week for people you've just met.

Pisces FEB 20 – MAR 20

Your health may be affected by affairs of the heart this week. If you're happily married, there's no real need to be concerned. But if you're not feeling the romance, it could show in the form of minor infections and ailments. Treat your symptoms and reflect on their cause.

Aries MAR 21 – APRIL 20

While you're used to being in charge, you should let other people take the reins this week. Colleagues and family members are feeling a little powerless. And although it pains you to delegate tasks, you might discover you like this new, more relaxed path.

Taurus APRIL 21 – MAY 21

Lunar activity suggests you may be repressing some very strong elings. Although you don't want to rock the boat, anger or lust is likely to surface this week. What you say or do stands to hurt people, so consider talking things through with an objective outsider first.

Gemini MAY 22 – JUNE 21

There's no point getting into a war of words with people in positions of power. Although Twin types are great at sticking up for themselves in any debate, now isn't the time to challenge authority. Indeed, the planets urge you to bite your tongue and suck it up.

Cancer JUNE 22 – JULY 23

Saturn signals lovey-dovey times ahead. Even Crabs with thoroughly unromantic partners might be surprised. But you'll have to reciprocate with words or gestures of your own – otherwise, a lover or suitor's good intentions will quickly fly out the door.

Break-up blues saw her diet blow out in a big way, so Sel checked herself before she wrecked herself

Her self-esteem took a beating earlier this year when online haters slammed her curves, but Selena Gomez is back to her best, both mentally and physically, after dropping a massive 9kg in just three weeks!

As well as taking up twice-daily cardio workouts, the 22-year-old quit her beloved junk-food binges, admitting, "I love everything that's possibly not good for me."

"She's been so committed, the weight has been falling off," says a source, adding that Sel's limiting her intake to 7000kJ a day. "She cut out all food deliveries to her home and the recording studio. Plus, she's stopped late-night munchies runs."

But her new healthy-eating regimen doesn't mean she's depriving herself. Sel's simply picking delicious snacks that are healthier for her – like

ditching lollies, chips and milkshakes for fish, fruit and leafy greens. And when she needs a salty hit, she reaches for pickles!

See, healthy doesn't mean bland! Here are some other great ideas to give your eating habits an overhaul...

RITA 'I'VE
BEEN A

The singer swaps glam for grit in her latest big-screen stint

Woah, talk about a transformation! **Rita Ora** underwent the mother of all make-unders to play a battered drug addict alongside **Jake Gyllenhaal** and **Rachel McAdams** in the new boxing flick *Southpaw*.

And it turns out it was the rare opportunity to de-glam that attracted her to the role in the first place.

"This was a big change for me," she tells *NW*. "My character's really dishevelled, hurt and struggling. She hasn't washed. That really was part of what made we want to play her."

We caught up with the 24-year-old to chat about heartache, her upcoming album and getting to perv at Jake up close...

You've had your share of heartbreak – will we hear that on the album? Yeah, that whole album represents that. I was meant to release it about a year ago, but something happened to me personally where I couldn't focus on making music. So I just thought, "No, scrap this, I'm not going to go in and waste money and come out with some material that I am not happy with." So I stopped it all and said I am going to wait until my mind is clear, until I am strong enough.

We're getting some serious ex vibes off your recent single *Poison*... *Poison* was based on love being a bit poisonous and about moving forward.

Surely you're not off men altogether, though. Would you go there with Jake? That boy's packing a hot rig! Jake's got a pretty good body! That's all I'm saying on

that, before I get in trouble! It was incredible to work with him, I learnt a lot.

Would you ever do a Cara Delevingne and ditch your bread and butter for acting?

I like to combine everything, but the music will always be number one because that really is where it all began.

But you can party like Cara, can't you? Yeah, that's true! I am well known for putting on a good house party.

And for wearing a fierce outfit! I like to dress up and I like to be fun. I like to make people think that it's OK to be different. That's why I wear clothes and why I feel comfortable in my own skin, because you have to own it.

What style rules do you live by? It starts with your body frame. I am not the skinniest person in the world. But when you're a pop star, everyone thinks you have got to be skinny. I want women to know that you have just got to be comfortable. I was always a misfit and I was never part of a crowd, so I am all about individuality.

RITA'S ROAD TO RUIN!

The unlucky-in-love star's had some spectacular splits!

Rob Kardashian

"It was a phase," Rita snipes of their 2012 relationship. And it's little wonder she's so scathing – Rob accused her of cheating with 20-plus guys, only to later admit he lied! "It was a moment in my life and now it's like onwards and upwards," she adds.

Calvin Harris

"I was in awe. I was at that point in my relationship where I felt he could do no wrong. I thought he had my back," says Rita of her year-long romance with the Scottish DJ. "But then [our track] *I Will Never Let You Down* came out, and everything started to go a bit weird. I don't know if it was because business was mixed with personal or what."

Ricky Hilfiger

"Some of my relationships have ended because [the guy's] been intimidated by me," says Rita, whose split from the rapper last month was reportedly caused by her success.

A\$AP Rocky

He slammed Rita in his diss track *Better Things*, rapping, "J**zed up all in her mouth and made the bitch bounce." And his reason? "She got me into a lot of trouble," says the rapper, who claims he cheated on model Chanel Iman with Rita. Ouch!

Yolanda's HEALTH MYSTERY SOLVED?

Is a leaky boob job to blame for the long-suffering Housewife's woes?

The answer to what was causing Yolanda Foster's health to deteriorate has been right in front of her all along!

Yep, it seems the *Real Housewives Of Beverly Hills* star's leaking breast implants could be to blame for the recent aggravation of her Lyme disease, a tick-borne infection she's been battling since 2012.

"Turn a mess into a message," Yolanda – who's mum to models Gigi and Bella Hadid – wrote on Instagram.

"We might have hit the jackpot finding all this silicone from a 20 year old implant rupture through ultrasound mapping."

The news comes as a relief to the 51-year-old, who shocked fans with the severity of her condition back in January.

"I have lost the ability to read, write or even watch TV because I can't process information," she blogged.

"It feels like someone came in and confiscated my brain."

Now, after discovering that her tatas may be partially to blame, Yolanda – whose never 'fessed up to a boob job before – has reportedly had the offending implants removed.

Let's hope we see her on the mend soon! ■

Naked truth

Yolanda posted this Instagram selfie to show where the silicone leaked.

Dr Susan E Kolb's writing first alerted Yolanda to the dangers of implant leakage

KIM'S MUGSHOT REVEALED!

As reports emerge that Kim Richards' family persuaded the troubled star to get hospital treatment, her mugshot and pics of the loot she allegedly tried to steal from an LA Target store have been made public. A report alleges Kim, 50, tried to nick two trollies full of toys, stickers and snacks before she was detained by security and cops were called. It lead to a night in jail for the former *Real Housewives Of Beverly Hills* star, before she was released on bail. Hopefully Kim gets the help she needs!

My new boss is getting on my nerve.
She's always trying to make me to get
her dry-cleaning or get her coffees, but
I'm not her PA! How do I set boundaries
without rocking the boat? Jane, Vic*

"No, no and no! You need to shut this chick down, stat – politely, of course. You need to tell her that running around after her isn't what you're paid to do. Honestly, people respect you when you tell them to f**k off. Not in those words, but maybe say, 'Listen, that's below my pay grade. I'm happy to pass the message on, though.' The more you do for someone, the more they expect back and you can get taken advantage of really quickly, so shut this down ASAP. If you keep saying yes to her, you're screwed."

*Hi Brandi,
My boyfriend's acting weird. He's usually all over me like
a rash, but recently he's gone off the boil in the bedroom.
He says he's just tired.... Should I believe him? Sharon, QLD*

"No! Absolutely not. If he's off sex, there's definitely something weird going on. Do a bit of detective work. Start by checking his phone and then go visit him at work to scope things out. Has his company hired any cute new recruits lately? Don't feel bad about snooping – you're saving yourself a lot of time. It's way better to find out early if he's a dog. If he is doing the dirty, you need to get payback – and revenge is a bitch named Brandi! The Bachelor SAM'S SEXY STRIP- TEASE!

EXCLUSIVE
**NEW
PICS!**

Well if this isn't the red-hot definition of eye candy, we don't know what is!

Buff Bachie Sam Wood delighted passers-by in Melbourne recently as he stripped off next to his car following a workout – and we nearly passed out with excitement!

Sure, it's expected that a personal trainer and gym owner would take good care of

himself – his body is his business card, after all – but it seems the 34-year-old has been putting in serious overtime to take his physique to the next level.

Thanks to extra workouts and a healthy eating plan packed with lean protein and veggies, the fitness guru's rocking bigger guns and more chiselled abs than ever before!

May he never wear a shirt again...

Busted with Heather!

As the debate rages on about whether they're more than just friends, Sam and early fave Heather have added fuel to the fire after an eagle-eyed fan spotted them out together in Sydney – long after the cameras stopped rolling!

"I didn't see them kiss but they looked really happy together," says the eyewitness.

So is she The One? Or are they still trapped in the friend zone?

"There was an immediate connection there," says Sam, while Heather describes Bachie as "the kind of guy I'd like to go out and have a beer with."

Hmm...

Even Sam can't help checking himself out

Nooo, not the shirt! Keep. It. Off!

Word is Sam and Bec even 'kissed on a clifftop' during their Indo encounter!

The Bachelor rocked by rigging claims!

What's going on with Sam and Bachelorette Bec? Photos of the pair cosying up together in Bali – a full seven months before *The Bachelor* started shooting! – have raised questions not only about their relationship, but also whether the show is all a set-up. And while producers swear they know nothing about

it – with Sam claiming he didn't recognise Bec when they met at the mansion – fans aren't sold. "The fact that they're saying they didn't know each other is a TV scam!" one viewer writes online.

"Reality shows are not reality," says another. "They are probably more produced than a filmed fictional show."

Of course, it all came flooding back for Sam after seeing the pic, but he insists nothing romantic went down.

"Bec and I crossed paths in Bali last year as I was leaving a restaurant and we had a three-minute conversation," he explains.

"I hadn't seen her since. I didn't recognise her once on the show."

However, a source close to 28-year-old

dietitian Bec is claiming she shared more than just a brief convo with the Bachie during her Bali vacay.

"It was a lot longer than three minutes," says the insider. "The fact he's kind of playing it down and claims he doesn't recognise her says much, much more about his character than about her."

Whether or not claims of the show being rigged are justified, we do know this isn't the first time a Bachelor has met one of the Bachelorettes before going on the show.

Yep, back in 2014, our first ever Bachie Tim Robards claimed he'd never met Anna Heinrich – the woman he ended up choosing – despite being snapped with her at a Vodafone party in 2011, two years before they "met" on the show. Hmm, please explain...

Second shot?

Anna says Tim may not recall meeting her as he "didn't like blondes" then.

Emily speaks out

'I'M NOT A BITCH!'

It seems Emily's one very unhappy Bachelorette, but it's not because Snez and Heather have been getting more of Sam's attention. It's because she's sick of being portrayed as the bitchy villain on the show.

And in true 21st-century style, she's vented about it on social media!

Taking to Instagram after last Wednesday's episode, in which she was seen once again rolling her eyes at Heather, Emily hit out,

blaming manipulative editing for making it seem like she has it in for one of Sam's favourites.

"I'm going to do something I have been told not to do by people in the biz, and that is to be honest about how I feel," Emily writes.

"I have been in tears tonight. I could never be cruel to another person. I am nothing like a bitch."

Declaring herself a sensitive, loving person who likes to joke and laugh at herself,

Emily, 31, also says she's disappointed her fun side is yet to be seen on TV.

"Soooo many hours of footage, and all they choose to show of me is that I found Heather annoying," she writes.

"If you think you know me, and think I am a bitch based on how a reality show is edited, then please, look to the top of your screen click 'unfollow'."

You know what they say, Em – haters gonna hate....

The claws are out for Emily – or are they?

emilysbeautyspot I am going to do something I have been told not to do by people in the biz, and that is to be honest about how I feel, I always did it on the show, so I say, why stop now? I have always been very honest, ever since the moment I could speak. I could not be fake if I tried. I have one face, not two. I have been in tears tonight, not because of the nasty things social media trolls are saying (I wonder if any of you would be brave enough to say it to my face?), but because I am a very sensitive, kind and loving person. I was bullied relentlessly at school, physically beaten up, emotionally tormented, for being too tall, my lips were too big, my neck was too long (saw a comment about my weird long neck tonight actually. Primary school flashbacks!), it was never ending. I could never be cruel to another person. I am nothing like a bitch. Reality shows decide the "characters" for each of us before they even start filming. This is

She had high hopes when she met Sam

The cocktail party didn't go too well for her...

'I'VE GOT A NEW MAN!'

Our hearts broke when Jacinda bid an emotional farewell to Sam before last Thursday's Rose Ceremony had even begun.

But put down your tissues, NW-ettes – our fave Bachelor cutie is head-over-heels in love again. And she thanks the show for opening her eyes to her new man.

"On *The Bachelor*, I really got to understand myself better and work out where I was going wrong in relationships," she says. "To be honest, I definitely wouldn't have given it a chance [with my boyfriend]. And that's because I wouldn't have seen the qualities in him that I really needed if I hadn't been on the show."

Walking away after an emotional conversation with Sam, the cheeky 33-year-old says she felt "betrayed" and "made fun of" after the disastrous Groundhog Day dates.

"It was horrifying. It felt like it was a joke ... and the joke was on us," she says. "Every girl deserves that really wonderful date. Every girl deserves to feel special."

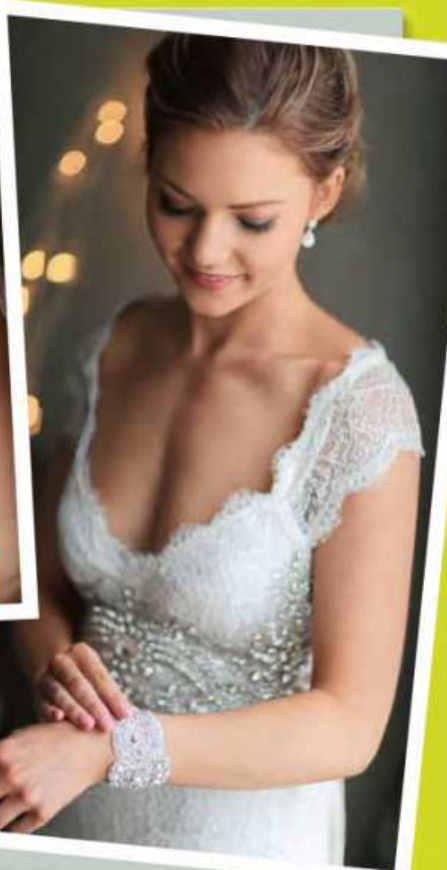

"And we thought we were going to get our special moment – and the moment wasn't the moment we thought it would be."

"If a guy did this to me in real life, I would have legged it straight away. So it made sense to leave."

"Sam's a good guy. He didn't mean it. It just came off pretty badly."

White wedding
Happy Sam looks amazing in her beautiful dress

OMG!

It's Sam the bride!

Has Australia's very first Bachelorette Sam Frost already tied the knot?

Looking at these gorgeous pics of the 26-year-old frocked up in a wedding dress, we can see how you might come to that conclusion.

But sadly, we'll have to put down the champers and confetti – it turns out the brunette beauty was just getting her bride on as a model for Melbourne snappers Clarte Photography.

Still, even though the pics are all in a day's work, we have to say Sam makes one gorgeous bride!

Let's hope it's a glimpse of things to come... Wink, wink!

SEE WHAT YOU MISSED OUT ON, BLAKE?

LAURINA'S Bachelor lowdown!

Make it romantic!

"If there's one thing we're starting to realise about Sam, it's that the boy loves a pash, so it comes as no surprise that he wanted to kiss one of the girls for more than four minutes! And even though people said it was a cringe-fest, I actually thought the world record-breaking date on top of the Sydney Harbour Bridge was really cute! Nina was blown away and had an amazing time, and I like that Sam picked her. He chose a great girl he wanted to connect with, and by making it really romantic he gave her an opportunity to be her best self and to shine. That's the key to a great date!"

**DIRTY
STREET
PIE**
of the week

'What a crap date!'

"I don't think any of the girls who went on that shitty Groundhog Day date deserved to go through it. But I particularly don't think Jacinda should've been singled out for the experience and then sent home afterwards – that would have been absolutely mortifying! The worst part, though, is knowing Sam went on that date three times – he would've just been on autopilot and not present at all. It'd be pretty hurtful knowing that you'd been played – and I think the girls' emotional reactions when they found out they'd all been on the same date were totally justified."

Talk it out

"Bec articulated herself well, explaining to Sam why she was upset by the Groundhog Day date. And Sam appreciated the communication – he couldn't stop telling her how beautiful and great he thinks she is!"

One of the girls even told him to go away. LOL!
